Self-improvement is my driving force. I think that there always is something what I can do better. This mindset gives me motivation to learn new programming skills and languages. Work commitment is also crucial for me. When I have some important task to do, I will do it as best as I can. Communication with a team is what I value most at work.

WORK EXPERIENCE

Call Center Inter Galactica Wrocław (Phone Consultant)
July 2023 - April 2024

I've learnt a lot working here as a phone consultant. Especially how to **deal with demanding** clients. I've also gained a lot of **problem-solving** skills. Thanks to this job, **customer relations** became much easier to me.
